Notes :

- The Board of Directors of the Parent Company and four Subsidiaries namely BLB Commodities Ltd, BLB Global Business Ltd, Caprise Commodities Ltd and Sri Sharadamba Properties Ltd approved the Composite Scheme of Arrangement for amalgamation of four wholly owned subsidiaries with the parent company and subsequent demerger of 'Commodities Trading Division' and 'Financial Services Division' of merged entity into two newly incorporated wholly owned subsidiaries i.e. Sakala Commodities Ltd and Samagra Capital Ltd. The Parent Company subscribed 7 equity shares of Rs.10/- each aggregating to Rs.70/- in each of these two subsidiaries. Later on the Board of Directors of the Parent Company and four Subsidiaries as mentioned above decided to withdraw the above Composite Scheme of Arrangement. Accordingly, the shareholders of two subsidiaries in their respective meetings decided to get the names struck off in the records of Registrar of Companies, NCT of Delhi and Haryana (ROC). However, the said applications made for the same are still pending with the ROC.
- Since these two new companies were formed and applied for striking off their names with ROC in the same financial year i.e. 2017-18 without undertaking any business, the total investment of ₹140/- in paid up equity share capital was written off along with incorporation expenses of ₹0.19 lac in the books of Parent Company.
- The Board of Directors in their meeting held on 14th December, 2017 have adopted the Scheme of Arrangement involving Amalgamation of its four wholly owned subsidiaries namely, BLB Commodities Limited, BLB Global Business Limited, Caprise Commodities Limited and Sri Sharadamba Properties Limited with the Parent Company.

NOMINATION, REMUNERATION & EVALUATION POLICY

The Nomination, Remuneration & Evaluation Policy is amended hereunder as per the provisions of Section 178(4) of the Companies Act, 2013 read with Regulation 19(4) read with Part 'D' of Schedule II of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. This Policy is also available on the website of the Company viz, www.blblimited.com. The amended policy shall be applicable on the Company w.e.f. 30th May, 2016.

I. INTRODUCTION

This Nomination, Remuneration and Evaluation Policy (the "Policy") applies to the Board of Directors (the "Board"), Key Managerial Personnel (the "KMP") and the Senior Management Personnel of BLB Limited (the "Company").

"Key Managerial Personnel" (KMP), in relation to Company means—

- (i) the Chief Executive Officer or the Managing Director or the Manager;
- (ii) the Company secretary;
- (iii) the Whole-Time Director;
- (iv) the Chief Financial Officer; and
- (v) such other officer as may be prescribed by Central Government from time to time;

The term "Senior Management Personnel" means to include all members other than the Directors and KMP's of the Company, who are the functional heads of the departments/divisions/branches of the Company.

This Policy is in compliance with Section 178 of the Companies Act, 2013 read along with the applicable rules thereto and Regulation 19(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

II. PURPOSE

The primary objective of the Policy is to provide a framework and set standards for the nomination, remuneration and evaluation of the Directors, Key Managerial Personnel and officials comprising the senior management. The Company aims to achieve a balance of merit, experience and skills amongst its Directors, Key Managerial Personnel and Senior Management.

III. ACCOUNTABILITIES

- ❖ The Board is ultimately responsible for the appointment of Directors and Key Managerial Personnel.
- ❖ The Board has delegated responsibility for assessing and selecting the candidates for the role of Directors, Key Managerial Personnel and the Senior Management of the Company to the Nomination and Remuneration Committee which makes recommendations & nominations to the Board.

IV. NOMINATION AND REMUNERATION COMMITTEE

The Nomination and Remuneration Committee is responsible for:

- ❖ Reviewing the structure, size and composition (including the skills, knowledge and experience) of the Director's, KMP's and Senior Management at least annually and making recommendations on any proposed changes to the Director's, KMP's and Senior Management to complement the Company's corporate strategy, with the objective to diversify the Board and Management of the Company;
- ❖ Identifying individuals suitably qualified to be appointed as the KMP's or in the senior management of the Company;
- ❖ Recommending to the Board on the selection of individuals nominated for directorship;
- ❖ Making recommendations to the Board on the remuneration payable to the Directors / KMP's / Senior Officials so appointed/ reappointed;
- ❖ Assessing the independence of independent directors, upon their appointment;
- ❖ Such other key issues/matters as may be referred by the Board or as may be necessary in view of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and provision of the Companies Act 2013 and Rules thereunder;
- ❖ Ensure that level and composition of remuneration is reasonable and sufficient, relationship of remuneration to performance is clear and meets appropriate performance benchmarks;

The Nomination and Remuneration Committee comprises of the following:

- a) The Committee shall consist of a minimum 3 Non-Executive Directors, majority of them being independent.
- b) Majority of members shall constitute a quorum for the Committee Meeting.
- c) Membership of the Committee shall be disclosed in the Annual Report.
- d) Term of the Committee shall be continued unless terminated by the Board of Directors.

V. CHAIRMAN OF THE COMMITTEE

- a) Chairman of the Committee shall be an Independent Director.
- b) In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- c) Chairman of the Nomination and Remuneration Committee meeting could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

VI. COMMITTEE MEMBERS' INTERESTS

- a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

VII. VOTING

- a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairman of the meeting will have a casting vote.

VIII. APPOINTMENT OF DIRECTORS / KMP's / SENIOR OFFICIALS

- ❖ Enhancing the competencies of the Board and attracting as well as retaining talented employees for role of KMP / a level below KMP are the basis for the Nomination and Remuneration Committee to select a candidate for appointment to the Board. When recommending a candidate for appointment, the Nomination and Remuneration Committee has regard to:
 - Assessing the appointee against a range of criteria which includes but not be limited to qualifications, skills, industry experience, background and other qualities required to operate successfully in the position, with due regard for the benefits from diversifying the Board;
 - The skills and experience that the appointee brings to the role of KMP / Senior Official and how an appointee will enhance the skill sets and experience of the Board as a whole;
 - The nature of existing positions held by the appointee including directorships or other relationships and the impact they may have on the appointee's ability to exercise independent judgment;
- ❖ Personal specifications:
 - Degree holder in relevant disciplines;

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY STRUCTURE, DEVELOPMENT AND OUTLOOK

FY18 was one of the better years for global economy and markets. Accelerating growth, easy liquidity, and contained inflation resulted in strong rally in risk assets with low volatility.

For India as well, FY18 was a more eventful year with reforms continuing to take place and an improving export performance. The much awaited GST was finally rolled out in the year and though the implementation did lead to initial hiccups, things are settling down and getting better now.

As far as business cycle conditions are concerned, things are on the improving path. Inflation remains benign and broadly speaking, fiscal also remains comfortable.

Overall Outlook

Overall the macro-fundamentals of the economy remain in comfortable zone albeit with increasing risk from rising crude oil prices. Economic conditions have improved amid rebound in exports and government's push towards infrastructure spending.

Going ahead we believe growth trajectory will remain strong and improve further based on stabilisation of GST regime and other reforms. Rural economy should also get a fillip with IMD forecasting FY19 to be the third consecutive year of normal monsoon. Most importantly, we expect Banking sector NPA problems, which have been haunting the economy for last 7 years, to finally near an end owing to a quicker resolution of stressed assets and PSU bank recapitalisation.

Capital Markets

Due to various economic reforms, structurally low interest rates and increased investment choices, the focus of investment by Indian public is shifting from hard assets and savings to investing in financial assets. This is clearly visible in the inflows in the equity markets and other capital market investments during FY18.

As FY18 was a good year for equity markets, both the indices - Nifty and Sensex reached their all time highs. However, re-introduction of long term capital gain tax on gains from listed equities in Union budget along with rising policy action towards global trade protectionism did create some panic towards the fag end of the fiscal year, resulting in a just 10% Nifty return in FY18 compared to 19% in FY17. Equity raising by corporates was also robust this year.

OPPORTUNITIES AND THREATS

Opportunities

- Wide variety of Financial Products available in the market
- Introduction of new products
- Youth looking for investments options
- Best assets class choice available
- People focusing on investments rather than savings
- Long-term economic outlook positive, will lead to better opportunity for capital market players,
- Regulatory reforms would aid greater participation by all class of investors,

Threats

- Execution risk,
- Short term economic slowdown impacting investor sentiments and business activities,
- Slowdown in global liquidity flows,
- Regulatory Risk,
- Increased intensity of competition from local and global players,
- Market trends may make other assets relatively attractive as investment avenues,
- Global Trade War fear.

RISKS AND CONCERNS

The nature of Company's business is susceptible to various kinds of risks. The Company encounters risks like market risk, credit risk, Technology Risk, Reputation Risk, Regulatory & Compliance Risk, Operational Risks on daily business operations. For overcoming such risks Company has framed comprehensive risk management techniques and safeguards, to ensure that major risks are properly assessed, analyzed and appropriate mitigation tools are applied. These techniques remains dynamic and aligns with the continuing requirements and demands of the market.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

BLB has adequate internal audit and control system across all group companies/business segments. Risk based internal audit, through external audit firms, are being conducted periodically to independently evaluate adequacy of internal controls, adherence of processes and procedures and compliance of regulatory and legal requirements. The internal audit programme is periodically reviewed by Audit Committee of Board, which is chaired by Independent Director, for its effectiveness and

timely reporting. The internal control procedures include segregation of roles and responsibilities, independent confirmations, physical verifications and preventive checks on compliance risk.

Statutory and standard auditing practices employed include, inter alia, compliance to accounting and auditing standards, compliance of all relevant rules & regulations, tax laws and review of related party transactions.

BLB believes in conduct of its affairs in a fair and transparent manner by adopting highest standards of professionalism, honesty, integrity and ethical behavior.

INDEPENDENT AUDITORS' REPORT

To the Members of BLB Limited,

1. Report on the Standalone Financial Statements

We have audited the accompanying standalone Ind AS financial statements of BLB Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

2. Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We are also responsible to conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However, future events or conditions may cause an entity to cease to continue as a going concern.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

5. Other Matter

The financial information of the Company for the year ended March 31, 2017 and the transition date opening balance sheet as at April 1, 2016 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements for the years ended March 31, 2017 and March 31, 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by other Auditors, on which they expressed an unmodified opinion dated May 30, 2017 and May 30, 2016 respectively. The adjustments to those standalone financial statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us.

6. Report on Other Legal and Regulatory Requirements

- i. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- ii. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements-refer Note no. 36 to the standalone Ind AS financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of BLB Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

1. Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

2. Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

3. Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

(h) Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

(i) Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

1 Company overview and Significant Accounting Policies

1.1 Company Overview

BLB Limited (the company) is a public company domiciled in India and is incorporated under the provisions of Indian Companies Act. Its shares are publicly traded on the National Stock Exchange ("NSE") and the Bombay Stock Exchange ("BSE"). The registered office of the Company is situated at SCO (shop-cum-office) No.22, Spring Field Colony Extn No.1, Near Sector 31-32, Faridabad – 121003, India.

The Company is member of NSE & BSE and engaged in the business of trading and investment in shares & securities.

These financial statements were authorized for issue in accordance with a resolution of the directors on dated 30th May, 2018.

1.2 Basis of Preparation of Financial Statements

These are company's first financial statements for the year ended 31 March 2018 that has been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, read with Ind AS based on Schedule III, under the Companies Act, 2013.

For all periods up to and including for the year ended 31 March 2018, the company's financial statements have been prepared complying with all material aspects of the accounting standards notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rule, 2014.

The Company has consistently applied the accounting policies used in the preparation of its opening Ind AS Balance Sheet at April 1, 2016 throughout all periods presented, as if these policies had always been in effect and are covered by Ind AS 101 "First-time adoption of Indian Accounting Standards". The transition was carried out from accounting principles generally accepted in India ("Indian GAAP") which is considered as the previous GAAP, as defined in Ind AS 101. The reconciliation of effects of the transition from Indian GAAP to Ind AS is disclosed in Note no. 2.2 to these financial statements.

The Company's financial statements provide comparative information in respect to the previous year. In addition, the company presents Balance Sheet as at the beginning of the previous year, which is the transition date to Ind AS.

The preparation of the financial statements requires management to make Judgements, estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods, if the revision affects both current and future years.

1.3 Critical Accounting Estimates

Property, Plant and Equipment (PPE)

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of the Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Fair Value Measurement and Process

On transition to Ind AS, the Company has elected option to measure its property and plant & machinery on fair value as at 1 April 2016 and use that fair value as the deemed cost of the property and other Equipments

The Company has setup a valuation committee to determine the appropriate valuation techniques and inputs for fair value measurement. In estimating the fair value of a PPE as at 1 April 2016, the Company engages third party qualified valuers to perform the valuation. The valuation committee worked closely with the qualified external valuers to establish the appropriate valuation technique and inputs to the model.

The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Company considers such information from current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.

1.4 Property, Plant and Equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of property, plant and equipment recognised as at 1st April, 2016 measured as per the previous GAAP.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All Upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Transition to Ind AS

On transition to Ind AS, the Company has elected to fair value all of its property, plant and machinery & equipment recognised as at 1 April 2016 and use that fair value as deemed cost of the property, plant and machinery & equipment (Refer note 2). The Company depreciates PPE over their estimated useful lives using the straight-line method. Depreciation on additions/ (disposals) is provided on a pro-rata basis i.e. from/(up to) the date on which asset is ready for use/(disposed of). The estimated useful lives of assets are as follows:

S. No.	Particulars	Estimated Useful Life
1	Leasehold land	Over lease term
2	Building other than factory	60 years
3	Computers	
	– Computers and other peripherals	3 years
	– Servers and networking	6 years
4	Furniture & Fixtures	10 years
5	Vehicles	8 years
6	Other equipment	5 - 15 years

The useful lives have been determined based on technical evaluation done by the management's expert which are in line those specified by Schedule II to the Companies Act 2013. The residual values are not more than 5% of the original cost of the asset. The depreciation methods, assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under Other Non-Current Assets and the cost of assets not put to use before such date is disclosed under 'Capital work-in-progress'.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

1.5 Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of its intangible assets recognised as at 1 April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

Amortization methods and useful lives are reviewed periodically including at each financial year end. The estimated useful lives for intangible assets are 5 years.

1.6 Inventories

The shares and securities acquired with the intention of trading are considered as Stock in trade and disclosed as Current Assets.

The stock in trade of quoted securities is valued at the lower of cost or market price, the cost is determined on First In First Out (FIFO) basis.

The Units of open-ended Mutual Fund Schemes are valued at lower of the cost or closing NAV, the cost is determined on First In First Out (FIFO) basis.

1.7 **Financial Instruments, Financial Assets, Financial Liabilities and Equity Instruments**

Recognition

Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

Classification

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

(a) Amortised cost

Where the financial assets are held solely for collection of cash flows arising from payments of principal and/ or interest.

(b) Fair Value Through Other Comprehensive Income (FVTOCI)

Where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.

(c) Fair Value Through Profit or Loss (FVTPL)

Where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Measurement

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried amortized cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

Derecognition of Financial Assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset; or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Income Recognition

Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Financial Liabilities

i) Trade Payables and Other Financial Liabilities

Trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and presented as current liabilities unless payment is not due within 12 months after the reporting period.

ii) Borrowings

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Equity Instruments

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

1.8 Investment in Subsidiaries

Investments in subsidiaries are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

1.9 Revenue Recognition

(a) Sale of Goods

Revenue from sales is recognized at the completion of each settlement of the capital market segment of the Stock Exchange.

In respect of non-delivery based transactions in capital market segment, the profit/loss is accounted for at the end of each settlement.

Revenue from derivative market segment:-

- in respect of settled contracts the difference between the transaction price and settlement price is recognized in the Statement of profit and Loss and
- in respect of open interests as on the balance sheet date, the derivatives are valued at fair value, and the difference between the fair value and the transaction price, is recognized in the Statement of Profit and Loss.

Income from Dividends is recognized when the right to receive payment is established.

(b) Other Income

Rental income is recognised as part of Other Income in the Statement of Profit and Loss.

The revenue from interest & other income is recognized on accrual basis.

1.10 Employee Benefits

a. Short-term Obligations

Liabilities for wages, salaries and bonus, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Post-Employment Obligations

The Company operates the following post-employment schemes:

- defined benefit plans for gratuity, and
- defined contribution plans for provident fund.

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined Contribution Plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

1.11 Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The Company enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss and are included in other gains/ (losses).

1.12 Impairment of Non-Financial Assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

1.13 Borrowing Costs

Borrowings are measured at amortized cost. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

1.14 Income Tax

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternative Tax (MAT) is applicable to the Company. Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement.

1.15 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chairman of the Company assesses the financial performance and position of the Company, and makes strategic decisions.

1.16 Earnings Per Share

a. Basic Earnings Per Share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year

b. Diluted Earnings Per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

1.17 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2 First-Time Adoption of Ind AS

Ind AS 101 First-time adoption of Indian Accounting Standards allows first time adopters certain exemptions and exceptions from the retrospective application of certain requirements under Ind AS, effective for April 1, 2016 opening balance sheet, as explained below :

2.1 Exemptions Availed on First-Time Adoption of Ind AS 101

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has accordingly applied the following exemptions.

a. Deemed Cost – Property, Plant and Equipment (Including Capital Work in Progress)

Ind AS 101 allows a first-time adopter to elect measurement at fair value for all of its property, plant and equipment to be recognised in the financial statements as at the date of transition to Ind AS, and use that as its deemed cost as at the date of transition.

b. Deemed Cost – Investment in Subsidiary

Under previous GAAP, investment in subsidiaries were stated at cost. Under Ind AS, the company has considered their previous GAAP carrying amount as their deemed cost.

The Company has elected to apply this exemption for such contracts/arrangements.

2.2. Reconciliations Between Previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity and total comprehensive income for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

Note 1: Property, Plant and Equipment (including Capital Work in Progress)

The Company has elected to measure items of its property, plant and equipment and intangible assets at fair value as deemed cost except for certain class of assets which are measured at its carrying value upon transition. The resulting fair value changes have been recognised in retained earnings as at the date of transition. This increased the retained earnings by INR 558.93 Lacs as at 1 April 2016.

Further, under previous GAAP the Company has followed written down value method of depreciation and upon transition the Company has applied straight line method of depreciation. Due to the election to measure major property, plant and equipment at fair value and change in depreciation method, it has consequently increased depreciation expense by INR 6.23 Lacs for the year ended 31 March 2017. This has decreased total comprehensive income by INR 6.23 Lacs.

Consequent to the above, the total equity as at 31 March 2017 increased by INR 552.70 Lacs.

Note 2: Intangible Assets

Under previous GAAP the Company has followed written down value method of depreciation and upon transition the Company has applied straight line method of depreciation. Due to the change in the depreciation method, it has consequently increased its residual value for the year ended 31 March 2017 by INR 0.34 Lacs. This has increased total comprehensive income by INR 0.34 Lacs for the year ended 31 March 2017.

Note 3: Fair valuation of Non- Current Investments

Under previous GAAP the Company carried the long-term investments at cost less provision for diminution in value other than temporary, if any in the value of such investments. and upon transition the Company has subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in retained earnings or in other comprehensive income as the case may be. This has consequently decreased the retained earnings by INR 462.37 lacs as at the date of transition on 1 April 2016 .

Consequent to the above, the Other Comprehensive Income has increased by INR 0.27 lacs for the year ended 31 March 2017.

Note 4: Deferred Tax Assets (Net)

Deferred tax has been recognised on the adjustments made on transition to Ind AS. The impact of transition adjustments has resulted for recomputation of deferred taxes in the retained earnings, on the date of transition, with consequential impact to the Statement of Profit and Loss for the subsequent periods.

MAT entitlement credit being of the nature of deferred tax, on transition to Ind AS MAT credit entitlement of INR 1.32 lacs for March 31, 2017 has been regrouped under deferred tax liability from Current tax assets (net).

Note 5: Fair valuation of Financial Assets

Under previous GAAP, the Company has recognised membership fees paid to various stock exchanges and Pre-amalgamation expenses as deferred revenue expenditure and amortise over a period of five years whereas such cost are not recognised under Ind AS. And accordingly the same have been recognised in retained earnings as at the date of transition. This has consequently decreased the retained earnings by INR 5.59 lacs on the transition date.

Under previous GAAP, the Company carried Advances given to parties for purchase of properties at cost and under Ind AS, upon transition, the Company has considered the diminution in the market value of the said property. Accordingly, Advances for Capital goods have been reduced by INR 65 lacs with a corresponding adjustment to retained earnings on the date of transition.

Consequent to the above, the Comprehensive Income has increased increased by INR 5.59 lacs for the year ended 31 March 2017.

Note 6: Retained Earnings

Retained earnings as at 1 April 2016 and 31 March 2017 has been adjusted consequent to the above Ind AS transition adjustment.

The investment of 200,000 shares in Midvalley Entertainment Ltd. was made by the company with an amount of INR 150 Lacs and as at 1 April 2016, a provision for impairment of INR 150.00 Lacs has been made and the net investment has been recognised at a carrying amount of INR 1/-

The Board of Directors of the Company and four subsidiaries namely BLB Commodities Ltd, BLB Global Business Ltd, Caprise Commodities Ltd and Sri Sharadamba Properties Ltd approved the Composite Scheme of Arrangement for amalgamation with the Company and subsequent demerger of 'Commodities Trading Division' and 'Financial Services Division' of merged entity into two newly incorporated wholly owned subsidiaries i.e. Sakala Commodities Ltd and Samagra Capital Ltd. The Company subscribed 7 equity shares of ₹ 10/- each aggregating to ₹ 70/- in each of these two subsidiaries. Later on the Board of Directors of Company and four subsidiaries mentioned above decided to withdraw the Composite Scheme of Arrangement. Accordingly, the shareholders of Sakala Commodities Ltd. and Samagra Capital Ltd. in their respective meetings decided to get their names struck off in the records of Registrar of Companies, NCT of Delhi and Haryana (ROC). However the application made for the same is still pending with the ROC.

Since these two companies were formed and applied for striking off their names with ROC in the same financial year 2017-18 without undertaking any business, the investment of ₹ 140/- in said subsidiaries was written off alongwith expenses of ₹18,999/- incurred on incorporation of these companies.

During the year company has received 60,000 equity shares of Indian Oil Corporation Ltd. on stock-in-hand as bonus shares. The same has been retained by company as Short-term investment at nil value. Subsequently, the Company has measured the same at fair value, with unrealised gain arising from changes in the fair value and recognised in comprehensive income. (Note No. 23)

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes mutual funds that have quoted price and are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

30.2 Valuation Technique used to determine Fair Value

Specific valuation techniques used to value financial instruments include:

– the use of quoted market prices

30.3 Fair value of Financial Assets and Liabilities measured at Amortised Cost

The carrying amounts of financial assets comprising trade receivables cash and cash equivalents, fixed deposits with banks, security and other deposits and carrying value of financial liabilities comprising borrowings and trade and other payables are considered to be the same as their fair values, due to their short-term nature and covered under level 3 category.

31 Financial Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency risk exposures and price risk exposures.

This note explains the sources of risk which the Company is exposed to and how such risk were managed.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Aging analysis Credit Ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk — Securities price	Future commercial transactions	Cash flow forecasting Sensitivity analysis	Forward contracts

The Company's risk management is carried out by a central treasury department under policies approved by the board of directors. The Company treasury identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, Securities price risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

31.1 **Credit Risk Management**

The risk of financial loss due to counterparty's failure to honour its obligations arises principally in relation to transactions where the Company provides goods on deferred terms.

The Company's policies are aimed at minimising such losses, and require that deferred terms are granted only to customers who demonstrate an appropriate payment history and satisfy creditworthiness procedures. Individual exposures are monitored with customers subject to credit limits to ensure that the Company's exposure to bad debts is not significant. The maximum exposure to credit risk regarding financial assets is the carrying amount as disclosed in the balance sheet. With respect to credit risk arising from all other financial assets of the Company, the Company's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the corresponding carrying amount of these instruments.

On account of the adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors such as historical experience for customers. The Company's receivable are high quality with negligible credit risk and the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil. Accordingly, no provision for expected credit loss is recognised.

The following table provides information about the exposure to credit risk for trade receivables from individual customers.

31.2 **Liquidity Risk Management**

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

Maturities of Financial Liabilities

The table below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- all non-derivative financial liabilities, and
- net settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

31.3 Market Risk Management

Interest Rate Risk

The Company's main risk i.e. interest rate risk arises from borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2017 and 31 March 2016, the Company's borrowings at variable rate were mainly denominated in INR.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The long term variable interest rate borrowings are not significant and accordingly, no such sensitivity for interest rate cash flow has been disclosed.

Price Risk

The Company's significant exposure for price risk is relating to forward contracts. However, no open forward contract is outstanding as on the reporting date and accordingly, doesn't have related price risk.

32 Capital Management

32.1 Risk Management

The Company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company issue new shares. Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio: Net debt (total borrowings net of cash and cash equivalents) divided by Total 'equity' (as shown in the balance sheet).

The gearing ratios were as follows:

(₹ in Lacs)

Particulars	As at 31st March 2018	As at 31st March 2017	As at 1st April 2016

Independent Auditor's Report on the Consolidated IndAS Financial Statements

To the Members of BLB Limited,

1. Report on the Consolidated Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of **BLB Limited** (hereinafter referred to as "the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at **31st March, 2018**, the Consolidated Statement of Profit and Loss including other comprehensive income, the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

2. Management's Responsibility for the Consolidated Ind AS Financial Statements.

The Parent's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Parent, as aforesaid.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Parent's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Parent's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries, referred to in the Other Matters paragraph, the aforesaid consolidated Ind AS financial statements giving the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2018, and their consolidated loss, consolidated total comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

M. No. 090396

Dated : 30th May, 2018

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2018, we have audited the internal financial controls over financial reporting of **BLB Limited** (hereinafter referred to as "the Parent") and its Subsidiaries, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Boards of Directors of the Parent and its subsidiaries, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its subsidiaries, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its subsidiaries, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the Parent and its subsidiaries, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- b) The Board of Directors of the Parent Company and four Subsidiaries namely BLB Commodities Ltd, BLB Global Business Ltd, Caprise Commodities Ltd and Sri Sharadamba Properties Ltd approved the Composite Scheme of Arrangement for amalgamation of four wholly owned subsidiaries with the parent company and subsequent demerger of 'Commodities Trading Division' and 'Financial Services Division' of merged entity into two newly incorporated wholly owned subsidiaries i.e. Sakala Commodities Ltd and Samagra Capital Ltd. The Parent Company subscribed 7 equity shares of Rs.10/- each aggregating to Rs.70/- in each of these two subsidiaries. Later on the Board of Directors of the Parent Company and four Subsidiaries as mentioned above decided to withdraw the above Composite Scheme of Arrangement. Accordingly, the shareholders of two subsidiaries in their respective meetings decided to get the names struck off in the records of Registrar of Companies, NCT of Delhi and Haryana (ROC). However, the said applications made for the same are still pending with the ROC.

Since these two new companies were formed and applied for striking off their names with ROC in the same financial year i.e. 2017-18 without undertaking any business, the total investment of Rs. 140/- in paid up equity share capital was written off along with incorporation expenses of Rs. 0.19 lac in the books of Parent Company.

- c) The Board of Directors in their meeting held on 14th December, 2017 have adopted the Scheme of Arrangement involving Amalgamation of its four wholly owned subsidiaries namely, BLB Commodities Limited, BLB Global Business Limited, Caprise Commodities Limited and Sri Sharadamba Properties Limited with the Parent Company.

Basis of preparation of financial statements

1.3 Statement of Compliance

These are Group's first financial statements for the year ended 31 March 2018 that have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016, read with Ind AS based on Schedule III, under the Companies Act, 2013.

For all periods upto and including for the year ended 31 March 2018, the Group's financial statements have been prepared complying with all material aspects of the accounting standards notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rule, 2014.

The Group has consistently applied the accounting policies used in the preparation of its opening Ind AS Balance Sheet at April 1, 2016 throughout all periods presented, as if these policies had always been in effect and are covered by Ind AS 101 "First-time adoption of Indian Accounting Standards". The transition was carried out from accounting principles generally accepted in India ("Indian GAAP") which is considered as the previous GAAP, as defined in Ind AS 101. The reconciliation of effects of the transition from Indian GAAP to Ind AS is disclosed in Note 31 to these financial statements.

The Group's financial statements provide comparative information in respect to the previous year. In addition, the Group presents Balance Sheet as at the beginning of the previous year, which is the transition date to Ind AS.

The preparation of the financial statements requires management to make Judgements, estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods, if the revision affects both current and future years.

1.4 Basis of preparation

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain items that are measured at fair values, as explained in the accounting policies. . The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The figures for the previous period have been restated, regrouped and reclassified wherever required to comply with the requirement of Ind AS and Schedule III.

1.5 Principles of Consolidation

The Consolidated Financial Statements (CFS) include the financial statements of BLB Limited (the Parent Company) and its subsidiaries as stated above in Para 1.1. The consolidated financial statements have been prepared on the following basis:-

- a) The financial statements of the parent company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- b) Profit or loss and each component of other comprehensive income are attributed to the Group as owners and to the non-controlling interests.
- c) The Group presents the non-controlling interests, if any, in the Balance Sheet within equity, separately from the equity of the Group as owners. The excess of the Group's investment in a subsidiary over its share in the net worth of such subsidiary on the date control is acquired is treated as goodwill while a deficit is considered as a capital reserve in the CFS.
- d) All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation

1.6 Other Significant Accounting Policies

These are set out under "Significant Accounting Policies" as given in the Company's and its subsidiaries standalone financial statements.

1.7 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lacs as per the requirement of Schedule III, unless otherwise stated.

Notes:

Note 1: Fair valuation as deemed cost of Property, Plant and Equipment (including Capital Work in Progress) and Intangible Assets

The Company has elected to measure items of its property, plant and equipment and intangible assets at fair value as deemed cost except for certain class of assets which are measured at its carrying value upon transition. The resulting fair value changes have been recognised in retained earnings as at the date of transition. This has increased the retained earnings by INR 750.03 Lacs as at 1 April 2016.

Further, under previous GAAP the Company has followed written down value method of depreciation and upon transition the Company has applied straight line method of depreciation. Due to the election to measure major property, plant and equipment at fair value and change in depreciation method, it has consequently decreased depreciation expense by INR 16.14 Lacs for the year ended 31 March 2017. This has increased total comprehensive income by INR 16.14 Lacs. Consequent to the above, the total equity as at 31 March 2017 increased by INR 766.17 Lacs.

Note 2: Fair valuation for Financial Assets:

The Group has valued financial assets (other than Investment in Subsidiaries, Associate which are accounted at cost), at fair value. Impact of fair value changes as on the date of transition, is recognised in the opening reserves and changes thereafter are recognised in the Statement of Profit and Loss or Other Comprehensive Income, as the case may be. This has consequently decreased the retained earnings by INR 462.43 lacs as at the date of transition on 1 April 2016.

Consequent to the above, the Other Comprehensive Income has increased by INR 0.27 lacs for the year ended 31 March 2017.

Consequent to the above, the total equity as at 31 March 2017 decreased by INR 462.16 Lacs.

Note 3: Deferred Tax Assets (net)

Deferred tax has been recognised on the adjustments made on transition to Ind AS. The impact of transition adjustments has resulted for recomputation of deferred taxes in the retained earnings, on the date of transition, with consequential impact to the Statement of Profit and Loss for the subsequent periods.

MAT entitlement credit being of the nature of deferred tax, on transition to Ind AS MAT credit entitlement of INR 6.16 lacs for March 31, 2017 has been regrouped under deferred tax liability from Current tax assets (net).

Note 4: Fair Valuation of Other Non-Current Assets

Under previous GAAP, the Company has recognised membership fees paid to various stock exchanges and Pre-amalgamation expenses as deferred revenue expenditure and amortise over a period of five years whereas such cost are not recognised under Ind AS. And accordingly the same have been recognised in retained earnings as at the date of transition. This has consequently decreased the retained earnings by INR 13.17 lacs on the transition date and increase in the retained earnings by INR 13.17 lacs for the year ended 31 March 2017.

Under previous GAAP, the Company carried Advances given to parties for purchase of properties at cost and under Ind AS, upon transition, the Company has considered the diminution in the market value of the said property. Accordingly, Advances for Capital goods have been reduced by INR 565.45 lacs with a corresponding adjustment to retained earnings on the date of transition.

Consequent to the above, the Comprehensive Income has increased by INR 596.45 lacs for the year ended 31 March 2017.

Note 5: Fair Valuation of Other Current Assets

Under previous GAAP, the Company carried Advances given to parties for purchase of properties at cost and under Ind AS and borrowing cost capitalised apportioned to these properties, upon transition, the Company has considered the diminution in the market value of the said property. Accordingly, Advances for Capital goods have been reduced by INR 566.85 lacs with a corresponding adjustment to retained earnings on the date of transition.

Consequent to the above, the Comprehensive Income has decreased by INR 39.02 lacs for the year ended 31 March 2017.

Note 6 : Remeasurements of post-employment Benefit Obligations

Upon transition to Ind AS, the Company has remeasured the gratuity liability and the resulting fair value changes have been recognised in retained earnings as at the date of transition. This increased the retained earnings by INR 2.57 Lacs as at 1 April 2016. Consequent to the above, it has accordingly charged profit & loss account with INR 4.59 Lacs for the year ended 31 March 2017.

Note 7: Borrowings – Transaction Cost

Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the profit or loss over the tenure of the borrowings.

Under previous GAAP, these transaction costs were charged to the Statement of Profit & Loss as and when incurred. Accordingly, borrowings cost has been decreased by INR 3.77 Lacs with a corresponding adjustment to retained earnings as on 31 March 2017.

Note 8: Retained Earnings

Retained earnings as at 1 April 2016 and 31 March 2017 has been adjusted consequent to the above Ind AS transition adjustment.

- The State Government of Delhi has levied stamp duty through Indian Stamp (Delhi Amendment) Act, 2010 w.e.f 01/06/2010 on securities business and the exchange traded commodities derivatives business carried by the Parent Company and BCL respectively on proprietary basis. During FY 2010-11, the constitutional validity of the said Act has been challenged in the Hon'ble Delhi High court through a writ petition filled by an association of brokers wherein the Parent Company and BCL are member and the matter is sub-judice. The total liability on account of levy of stamp duty works out to ₹108.98 Lacs. (Previous year ₹108.98 Lacs)
- BLB Institute of Financial Markets Limited (BIFM) (amalgamated with BGBL during FY 2013-14) received a Demand-cum-Show Cause Notice from the Service Tax Department to pay ₹153.06 Lacs (excluding interest and penalty, if any) for the period from 01/10/2006 to 30/09/2010 on few educational courses which in its opinion were exempt from service tax. BIFM filed a writ petition during FY 2012-13 with the Delhi High Court against the said demand-cum-show cause notice and the decision is still pending. (Previous year ₹153.06 Lacs)
- During FY 2011-12 a search was carried out at BCL by the Gujarat Value Added Tax Department whereby the GVAT department has raised a demand of ₹28.67 lacs along with the penalty on account of denial of the input credit claimed by

BCL on the VAT which was collected by some suppliers from the BCL however, it has been alleged that they have not deposited the amount with the Department. The BCL has made payment under protest and filed an appeal with appropriate authorities. In FY 2014-15 the BCL had further paid ₹4.37 lacs under protest towards additional demand raised by the GVAT department for the FY 2011-12 on account of denial of the input credit claimed which was collected by some suppliers from the BCL and alleged to have not been deposited by them. Subsequently the company has received ₹15.76 lacs from the GVAT department from the above.
